 **De *Santis***  
GUNHIDE®

VETERAN FAMILY OWNED, AMERICAN MADE.

## LOOKING BACK AT 50+ YEARS

I often think back to 1972 when I was a college student at the Pratt Institute in Brooklyn, New York. I had an unusual hobby making holsters by hand on the kitchen table. My 3+ years of Military Service helped me be creative from experience. I never had envisioned turning a hobby into a legacy that I could pass down to my children and grandchildren.

I remember the day I went into my local gun store, and I had the opportunity to show the gunsmith one of my creations. At his request, I left it with him, so that he could show it to a special customer, a local NYC based FBI Agent. After that introduction, he and I became fast friends and have remained buddies to this day. During the last two years of my undergraduate studies, I continued to build holsters by hand for the New York FBI Agents in my spare time while refining my skills. So, in 1974, after a two-year apprenticeship, DeSantis Gunhide® was born.

Now over 50 years later, the company has been through a wealth of trials and tribulations and has remained a top industry supplier. Since day one, our holsters have been designed for comfort, security, longevity, and concealment. When you carry in a DeSantis Gunhide® holster, you are carrying with confidence.

The Supreme Court decision last year in NYSRPA v. Bruen was a landmark decision that reaffirmed the belief that the Second and Fourteenth Amendments protect an individual's right to carry a handgun for self-defense outside of the home.

We at DeSantis Gunhide® have always dedicated our efforts to empowering responsible gun owners with the tools and equipment they need to protect themselves and their loved ones. As a firm supporter of the 2nd Amendment, I have always believed that concealed carry is a right, not a privilege. Using a DeSantis Holster, your firearm is always safely concealed and ready, should the need arise.

"The strongest reason for people to retain the right to keep, and bear arms is as the last resort to protect themselves against tyranny in government" - Thomas Jefferson

Our Gunhide® motto is, "we didn't invent concealment, we just perfected it", and I truly believe that.

Gene DeSantis CEO 2024

## The DeSantis Gunhide Difference

DeSantis Gunhide uses premium materials to produce thousands of high-quality, American-made holsters and accessories. Use these symbols to learn more about what makes the DeSantis difference.

**SECURE YOUR  
WEAPON WITH AN  
AUDIBLE CLICK!**

**THE QUANTICO™  
UNDERCOVER  
STYLE 218**

A self-locking OWB plain clothes level II Kydex® concealment holster with a host of optional adjuncts. Its intuitive thumb release is well concealed and extremely effective in securing the weapon in place and out of the eyes of a potential adversary. It also features user adjustable tension settings. The Quantico's 1 1/4" belt loops can be adjusted slightly for height and cant and 1 1/2" loops are also available. The patent pending ejection port lock has been strength tested and has exceeded all standards. The Quantico™ Undercover will self-secure **with or without** the weapons lite attached. Adjuncts include High Ride Belt Slide, Paddle, Molle, Border Patrol back, and drop leg. Now available for Glock 17 and 19 with other fits under development.

**OUTSIDE THE WAISTBAND**

New!

### Quick Trax™ Level II STYLE 221

A self-locking OWB Polymer® concealment holster that is built from extremely durable 080" Kydex® sheet and other molded polymers. Its intuitive thumb release is well concealed and extremely effective in securing the weapon in place and out of the eyes of a potential adversary. The Quick Trax™ is fitted with 1 3/4" belt loops and can be adjusted marginally for height and extensively for cant. 1 1/2" loops are available separately. The patent pending ejection port lock has been strength tested and has exceeded all standards. All the edges have been meticulously, hand polished. Built on precision CNC tooling, The Quick Trax's™ fit and finish are second to none. It's RMR compatible and available immediately in both left- and right-hand versions for Glock, and other popular auto-loading pistols fits are being developed.

### THE THUMB BREAK™ VENGEANCE SCABBARD STYLE 212

The T.B. Vengeance™ Scabbard, is a new pancake-style OWB holster with a thumb break that is made of native US full grain steer-hide. It features three belt slots for multiple carry positions. Its adjustable tension device allows for a custom retention level. The wraparound band at the top of the holster provides additional strength for easy reholstering. It will soon be available for many popular weapon and light combinations.

### THE VENGEANCE SCABBARD™ STYLE 201

The Vengeance Scabbard™ is an open-top pancake-style OWB holster. Made from full grain steerhide, it features three belt slots for multiple carry positions. Its adjustable tension device allows for a custom retention level. The wrap around band at the top of the holster provides additional strength and helps in reholstering. Available now for many popular weapons and light combinations.

### CAZZUTO™ STYLE D94

The Cazzuto™ holster is made entirely of Kydex® sheet and is an exceptionally light and compact holster. Minimal friction between gun and holster results in a smooth draw. This model also comes with a belt attachment. The paddle is adjustable for forward to rearward cant. Dual tension device and precise molding give this holster a perfect fit.

Note: Cazzuto™ comes with a belt slot attachment if paddle wear is not suitable.

### VEILED PARTNER® STYLE 195

The Veiled Partner®, is an OWB precision molded Kydex® holster. The exacting curvature allows for maximum concealment and fits like a second skin. It can be configured easily for both height and cant using 1 1/2" or 1 3/4" loop openings. It has adjustable tension and is optics compatible. It is available in both right and left-hand variants for many popular semi-autos.

### THE FACILITATOR® (SELF-LOCKING) STYLE 042

The Facilitator® is constructed of rigid Kydex® sheet and reinforced polymers for strength and durability. It also features our Redi-Lok™ trigger locking device. It can be worn strong side or cross draw. The style 042 is slim, making it much more concealable than the competition. The combat-proven Redi-Lok™ makes this model very secure and snatch resistant.

OUTSIDE THE WAISTBAND

OUTSIDE THE WAISTBAND

**SPEED SCABBARD®**  
STYLE 002

The Speed Scabbard® is designed to meet the needs of plainclothes professionals preferring a holster without a thumb break while providing firearm retention. This is accomplished with precise molding and adjustable tension device. Belt slots are 1 3/4" wide.

Note: Some models come with two belt slots and/or without tension device. Available in premium black or tan saddle leather for both autos and revolvers.

**VARIABLE® GRD™**  
STYLE 194

The Variable® GRD™, is built from premium saddle leather and has many unique features. The reinforced mouth (top section), on both sides, allows an easy one-hand return. It's both ambidextrous and adjustable for height and cant. The #194 also features the GRD™ (Gunhide® Retaining Device) which helps retain the weapon with an audible click. The #194 is now available for many commonly carried autoloaders in black and saddle tan.

**MINI SLIDE®**  
STYLE 086

The Mini Slide® features double stitched seams and precision molding. It is designed to meet the needs of plainclothes professionals preferring a tight riding holster without a thumb break. The Mini Slide® is fitted with an adjustable tension device and 1 3/4" slots. Available in premium black or tan saddle leather.

**THUMB BREAK MINI SLIDE®**  
STYLE 085

The Thumb Break Mini Slide® features double stitched seams and precision molding. This twin 1.75 inch slotted pancake-style holster is fitted with an adjustable tension device. Available in premium black or tan saddle leather for both autos and revolvers.

**THUMB BREAK SCABBARD®**  
STYLE 001

The Thumb Break Scabbard® is presented at an optimum draw angle. Its thumb break and exact molding, together with a tension device, allow for a secure and highly concealable carry. This picture illustrates the three-slot model. Belt slots are 1 3/4" inch wide.

Note: Some models with two belt slots and/or without tension device. Available in premium black or tan saddle leather for both autos and revolvers. Also available in lined and basketweave.

**SPEED LITE™**  
STYLE 132

The Speed Lite™ is our speedy version of our Tac-Lite™ holster. We eliminated the thumb break for an even faster presentation. It is molded to the exact specifications for secure and concealable carry. Available for many gun and light combinations. Available in premium black or tan saddle leather.

**TAC-LITE™**  
STYLE 117

The Tac-Lite™ is molded to exacting specifications for secure and concealable carry. This model features three slots for multiple carry options. Available for many gun and light combinations. Available in premium black or tan saddle leather.

**VIPER® 2.0**  
STYLE 175

The Viper® 2.0 is a classic OWB leather holster. It has a forward 15 degree cant in a left or right hand configuration. Available in black or tan with suede lined leather around an adjustable tension device for the perfect draw stroke every time.

**MINI SCABBARD®**  
STYLE 019

This unique holster has been reduced to the barest of essentials, yet offers a secure grip on the handgun thanks to exact molding and adjustable tension device. The belt loop accommodates up to 1 3/4" belts.

Note: Some models without tension device. Available in premium black or tan saddle leather for both autos and revolvers.

**SIDESTEP™**  
STYLE 191

The Sidestep™ OWB holster is a trailing slot OWB holster packed with great features. The full height, double-thick sweat shield keeps the weapon from contacting your skin. The Sidestep™ Holster was designed to accommodate weapons with or without Reflex Sights. The tensioning device gives the user the option for a custom fit and the trailing slot maximizes concealability. The Sidestep™ is built from premium saddle leather and is meticulously molded in a 15° forward cant.

**S.O.B. (SMALL OF BACK)™**  
STYLE 067

The Small of Back™ holster secures your pistol in one of the least obtrusive and most discrete areas for concealed carry. It is constructed of premium grade saddle leather and is highly detail molded. Features 1 3/4" belt slots and tension device. Available in premium black or tan saddle leather for both autos and revolvers.

**THE CRISS CROSS® (CROSS DRAW)**  
STYLE 155

The Criss Cross® has a reinforced mouth for easy reholstering and features an adjustable tension device. The belt slots will accommodate belts up to 1 1/2" wide. Available in premium black or tan saddle leather.

New!

### LIFEGUARD™ HOLSTER STYLE 216

- T
- Str
- Appx

Our minimalistic IWB holster. It fully encloses the trigger guard, making it both safe and secure. The Lifeguard™ features a carbon fiber finish for a rugged look and is fitted with a Tuckable C-Clip allowing for maximum concealment. The #Y109, Lifeguard™ Claw, is available separately.

# INSIDE THE WAISTBAND

New!

### TRANSIT™ HOLSTER STYLE 215

- S
- Str
- Appx

An old school IWB holster with a new school twist. It is built from firm, sueded center cut steerhide and reinforced at the top with both Kydex® and premium saddle leather to aid in easy re-holstering. The holster also has a heavy-duty spring steel clip which can easily be moved over to either side making this holster ambidextrous. Most models of the holster are red dot compatible.

New!

### MEAN STREAK™ STYLE 220

An IWB Kydex® holster built from extremely durable 080" gray Kydex®. It's user-adjustable for height and cant and features an integral sweat guard and "Claw". All the edges have been meticulously, hand-polished. Built on precision CNC tooling, the Mean Streak's™ fit and finish are second to none. It's Red Dot compatible and available immediately in both left- and right-hand versions for SIG, Glock, Springfield, and other popular auto-loading pistols.

### THE PERSUADER™ STYLE 213

The Persuader™ is a premium thermoformed polymer IWB carbon fiber finish holster loaded with the most wanted features. It can stand alone with our multi-cant center clip or with one or two Tuckable C-Clips. It features our patent pending ARW™ (Anti-Rotation Wedge). The integral Spur™ helps pull the gun butt close to the body and aids in anti-rotation and deep concealment. An External claw # Y106 can be purchased separately. In addition, A Persuader Mag Pouch # A100 can be purchased and added to the holster.

SLIM-TUK™  
STYLE 137

The Slim-Tuk™ is a minimal ambidextrous IWB holster fashioned from Kydex®. One of the most unique features of this IWB holster is that it uses our tuckable 360™ C-Clip, which affords the wearer unlimited mounting options. The hardware can be easily reversed to change from right to left. The Slim-Tuk™ is precision molded from sturdy Kydex® sheet and features a rugged nylon clip. It is available for many concealable handguns.

THE SUPER STEALTH™  
STYLE M97

Our latest ambidextrous IWB holster to feature our GRD™ (Gunhide® Retention Device.) The Super Stealth™ is made of premium padded ballistic nylon, and comes with a sturdy 1 3/4" powder coated spring clip which can be repositioned for left-hand carry.

THE UNI-TUK™  
STYLE 206

This IWB holster features a precision molded Kydex® front married to a back component that is an all synthetic and "breathable" platform. This allows airflow for a "keep cool" IWB carry. The Uni-Tuk™ features multiple points of tensioning for a customizable fit. It's equipped with our proprietary Tuckable 360® C Clip which can be adjusted for both height and cant with 360-degree rotation. The built-in Spur™ which acts as a "claw", is an integral part of the holster itself, enhancing concealment.

SOF-TUCK™  
STYLE 106

The Sof-Tuck™ features our Tuckable 360® J-Clip making it both tuckable and adjustable for cant and height. It is built from soft, no-slip suede and reinforced at the top with premium saddle leather to aid in reholstering. The style 106 is available for most concealable handguns. Optional C-Clip available. Available for both autos and revolvers.

SOF-TUCK™ 2.0  
STYLE 179

This polyurethane lined leather IWB holster features a reinforced top lip to add strength and aid in reholstering. Using the Tuckable 360® C-Clip, the Sof-Tuck™ 2.0 contours to your exact carry angle and ride height preference.

PRO STEALTH™  
STYLE N87

The Pro Stealth™ is made of premium padded 1060D black ballistic nylon. The 1 3/4" sturdy powder-coated black spring clip keeps this beauty securely anchored to your belt. The Pro Stealth™ is ambidextrous and a magazine pouch is standard for auto loader models. Available for both autos and revolvers.

**INVADER®  
STYLE M65**

The Invader® is an extremely comfortable synthetic IWB, tuckable holster. The body pad is built from edge bound neoprene, ballistic nylon and other synthetic materials, while the formed holster component is precision thermo-molded from sturdy Kydex® sheet. The C-Clips are made of glass-reinforced nylon for lasting durability. This model is easily user adjustable with included hex wrench. Available for both autos and revolvers. Optional J-Clips available.

**INFILTRATOR® AIR  
STYLE M78**

The Infiltrator® AIR IWB holster is adjustable for both height and cant. The front holster component is precision-molded Kydex® tension adjustable, and the back component is all synthetic and “breathable” material. It is fitted with our tuckable C-Clips. Optional J-Clips available.

**HIDDEN TRUTH®  
STYLE 160**

The Hidden Truth® is an appendix holster with integral Mag Pouch. Built from 100% Kydex® it is adjustable for both height and cant. It comes with C-Clips. J-Clips are optional accessories.

**INNER PIECE® 2.0  
STYLE M89**

The Inner Piece® 2.0 is a padded 1060D ballistic nylon IWB holster designed for appendix carry. The Tuckable 360® C-Clip allows adjustment for both height and cant. The integrated magazine carrier is positioned for quick reloads.

**TUCK-THIS® II  
STYLE M24**

The Tuck-This® II is built from padded ballistic nylon and lined with slick pack cloth. The Tuckable 360® J-Clip allows for unlimited cant options, affording almost total concealment. Auto loader versions are equipped with a integrated mag pouch. Optional C-Clip are available.

**INSIDE HEAT™  
STYLE 127**

The Inside Heat™ is a bare bones minimum IWB holster built from black saddle leather. The precise molded contours provide the weapon retention. The top is reinforced to ease reholstering, and the powder coated spring clip holds it securely to your belt. Available only in black for both autos and revolvers.

VARIABLE 87™  
STYLE M93

Variable 87™ is a featherweight IWB holster made from 1060D Ballistic Nylon, closed cell foam, and lined with slick pack cloth. It is also fitted with the DeSantis Tuckable 360° clip for unlimited cant adjustment and integrated sweat shield. This feature allows operator to wear this holster on any part of the waistline.

POCKET-TUK™  
STYLE 111

The Pocket-Tuk™ is a dual purpose pocket and tuckable IWB holster. This features our Tuckable 360° C-Clip making it both tuckable and adjustable for cant and height. The reinforced mouth aids in reholstering, and the suede construction helps keep it all in place. Each Pocket-Tuk™ is supplied with a hex key to facilitate clip adjustment or removal for pocket carry. Available for both autos and revolvers.

FLEX-TUK™  
STYLE 113

The Flex-Tuk™ tuckable IWB can be worn comfortably as an appendix carry or a cross draw and everything in-between. Its specially formed mouth allows effortless re-holstering. It's fitted with our polymer C-Clip for easy adjustment. Our highly concealable J-Clip and hex key are also supplied.

THE INSIDER®  
STYLE 031

For concealment with comfort, The Insider® contains design features to minimize bulk. It is made with a heavy-duty spring steel clip positioned high for deep cover. The leather is soft and un-molded. Only available in black.

COZY PARTNER®  
STYLE 028

The Cozy Partner® features a tension device and precise molding for handgun retention. A memory band retains the holster's shape for easy one handed reholstering. 1 3/4" split belt loop is standard. Available in premium black or tan saddle leather for both autos and revolvers.

THE OSPREY®  
STYLE 159 PATENTED

The Osprey® is a trailing slot OWB/IWB holster. The belt slots will accommodate belts up to 1 1/2" wide. The IWB strap is cant-variable and easily removable without tools. Available for medium and large autoloaders. Available in premium tan saddle leather. Patent 5, 520, 171.

INTRUDER® 2.0  
STYLE 176

The Intruder® 2.0 is an IWB/OWB configurable unit. Comfort is the key with modular OWB belt loops, tuckable struts for concealed carry, and user set cant angle. The premium steer-hide is coated in polyurethane to protect the leather and the firearm. The bodies are molded from Kydex® for a precise retained firearm fit.

DUAL CARRY II®  
STYLE 033

The Dual Carry II® can be worn as both IWB and OWB. The removable Tuckable 360° clip allows for unlimited cant angle and it is height adjustable. It features an integral belt loop (OWB), a thumb break, and is built from soft black leather for autos and revolvers.

# IWB/OWB

# KYDEX CARRY AT ITS BEST!

FIND MORE INFORMATION ON OUR KYDEX® HOLSTERS BY SCANNING THE QR CODES BELOW.

The fit and finish of our Kydex® holsters are superior to anything on the market thanks to our longstanding experience in manufacturing them. Our first Kydex® holster was a breakfront paddle holster for a very early barcode scanner. The forming tools for that project were made from wood, cardboard, and plaster, but that was truly a primitive start! Like all Gunhide® products, experience is the best teacher, and our Pegasus line takes our 50+ years of experience to create the world's best Kydex® holster.

OWB KYDEX

IWB KYDEX

This versatile holster can be worn strong side or crossdraw and is **AMBIDEXTROUS**.

### THE WILD HOG™ STYLE 189

The Wild Hog™ Field and Range Holster can be worn cross draw or with a forward cant and is ambidextrous. It's built from premium top grain steerhide and center cut steer hide and features an adjustable tension device. It is now available for most SAA revolvers, large frame DA revolvers and many large autoloaders. It accommodates belts up to 1<sup>3/4</sup>".

# SPECIALTY

### DUAL ANGLE HUNTER® STYLE 016

First tested in the harshest of conditions in Kenya, This innovative holster incorporates two separate belt slots in the belt loop, thus allowing the holster to be worn at two different angles. It is unique because the wearer has the option to wear it as a "conventional hip holster" or "radical cross draw". The Dual Angle Hunter fits belts up to 1<sup>3/4</sup>". Available in premium tan saddle leather and comes suede lined only.

### YUKON™ HUNTING RIG STYLE M72

The Yukon™ Hunting Rig features a fully adjustable Ballistic harness. It is available in two sizes; large semi-auto and large revolver. Both have integral ammo holders.

### WILD HOG™ HYBRID STYLE M90

The Wild Hog™ Hybrid is the latest rendition of our very successful original Hunter from the 1970s. The Hybrid is built from 1060D Senior Ballistic Nylon and a smooth pack cloth lining with a core of closed cell foam. The upper portion is made from premium saddle leather. It is ambidextrous. Available immediately from inventory for most 4" and 6" hunting revolvers and large autos.

### KURZ™ SHOTGUN CASE STYLE A88

The Kurz™ Case is a new take on the traditional shotgun scabbard. Designed around the popular 14” pump action firearms in 12, 20, and .410 gauge, the Kurz™ allows easy and safe transport of your gun and shells. Crafted from premium center cut cowhide and trimmed in full grain saddle leather, the Kurz™ Case sports an ambidextrously configurable non-slip shoulder strap. It also features a removable gauge-specific ammunition carrier. Additional carriers in various gauges are sold separately (Style A89).

### NYLON KURZ™ SHOTGUN CASE STYLE M92

The Nylon Kurz™ Shotgun Case is the latest take on the traditional shotgun scabbard. Designed around the popular 14” pump action firearms in 12, 20, and .410 gauge, the Kurz™ allows easy and safe transport of your gun and shells. It is crafted from 1060D Senior Ballistic Nylon and a smooth pack cloth lining a core of closed cell foam. The attachments are made from premium saddle leather. The Kurz™ case sports an ambidextrously configurable non-slip shoulder strap. It also features a removable gauge-specific ammunition carrier. Additional carriers in various gauges are sold separately (Style M94).

### THE RIFLE SCABBARD STYLE 204

A beautiful chestnut tan steerhide scabbard designed for lever-action rifles. It features solid brass buckles on the saddle straps to attach to your saddle, motorcycle, or ATV. The scabbard has beautifully hand-done fancy stitching with contrasting thread. Will fit most lever-action rifles with up to 20” barrel.

# THE TRIPLE AGENT™ STYLE 199

PATENTED 5,520,171

A reinvention of a classic design from the 1970s. This patented modular system is a combination of OWB, IWB, and Shoulder Rig - all in one. The design allows the user to configure any preference in moments. This holster also features our GRD™ (Gunhide® Retention Device) so the wearer can be assured that his firearm will be secure with the audible click. Included in the package is our full harness and double magazine pouch.

**GUNHIDE®  
RETENTION  
DEVICE**

Helps retain the weapon with an audible click and helps secure it from a rear takeaway attempt.

Inside The Waistband

Shoulder Rig

Outside The Waistband

## PATRIOT® GRD™ RIG STYLE M99

**GUNHIDE  
RETENTION  
DEVICE**

The Patriot® has been updated with the GRD™ (Gunhide Retention Device) fitted in each holster which helps retain the weapon with an audible click, and adds an additional level of security. The holster and double pouch are built from black padded 1060d ballistic nylon. The shoulder harness is wide for excellent weight distribution and is instantly adjustable by using the Ladder Lock Straps™. It is also built from black 1060d ballistic nylon and is padded and lined with high-friction synthetic suede for extra stability. The Patriot® GRD™ is ambidextrous, Red Dot compatible and is available for most popular handguns.

## NEW YORK UNDERCOVER™ GRD™ RIG STYLE G1D

**GUNHIDE  
RETENTION  
DEVICE**

The New York Undercover™ was conceived in the early 1970s. It has undergone numerous improvements since then and is now in its finest form. It's crafted from premium saddle leather and is molded for the exact firearm it is designed to carry. The latest addition is the GRD™ (Gunhide Retention Device) fitted in each holster, which helps retain the weapon with an audible click and adds an additional security level. The #G1D is shipped fully assembled with a double ammo carrier which can be worn horizontally, vertically, or diagonally. Optional accessories are available. This wide Comfort Flex™ harness will fit up to a 54" chest and pivot at all four connection points. This holster will now also accommodate red dot sights. Available in black unlined leather, right and left.

**C.E.O.® SHOULDER RIG  
STYLE 11Z**

The C.E.O.® Rig is the forerunner of our popular New York Undercover Rig. This shoulder holster is crafted from top-grain steerhide and is molded to fit the exact firearm it is designed to carry. It allows for easy draw of the firearm, enabling the wearers to bring their firearms on target with one fluid motion. This exceptionally comfortable rig is supplied with a half harness. Fits up to a 54" chest. Opposite side of harness has a nylon strap with elastic tie down and alligator clip. Available in black or tan unlined leather.

**NEW YORK UNDERCOVER™ RIG  
STYLE 11D**

The New York Undercover Rig™ has been around since the early 1970's. It has gone through numerous revisions since then and is now in its finest form. This shoulder holster is detail molded to fit the exact firearm it is designed to carry. Each rig is shipped fully assembled with a double ammo carrier. Additional accessories are available. This harness will fit up to a 54 inch chest and pivots at all four junction points. Available in premium black or tan saddle leather.

**PATRIOT® SHOULDER RIG  
STYLE N84**

The Patriot® comes with a thumb break system that is both good-looking and very functional. The holster and double pouch components are built of padded ballistic nylon. The shoulder harness is wide for excellent weight distribution and is instantly adjustable. The harness is both padded and lined with high-friction synthetic suede for extra stability. The Patriot® is ambidextrous and is available for most popular handguns for both autos and revolvers.

**THE OUTDRAW™  
CHEST RIG  
STYLE 209**

Our latest offering for the outdoors enthusiast. The holster component is precision molded from Kydex® sheet. It is optics compatible and is also tension adjustable. The harness swivels at all connection points and the straps are fully adjustable so it can be worn with or without an outer garment. The shoulder pad is lined with non-slip rubberized fabric to prevent unwanted movement.

**THE NEMESIS®  
STYLE N38**

DeSantis Gunhide® revolutionized pocket carry with the world's first all tacky Nemesis®. It's so viscous that it won't move out of position in your pocket and with the right amount of foam to break up the gun's outline! The binding is double-stitched to prevent the snagging of firearm's protrusions. Available for most reasonably sized autos and revolvers, and is ambidextrous.

**SUPER FLY®  
STYLE M44**

When we designed the original Nemesis®, we thought that it would remain the best pocket holster forever! Well, it just got even better! The Super Fly® has outdone even the best! Super Fly's® new exclusive sticky rubberized fabric is even more viscous than the Nemesis®. We have also added a removable, reversible outer flap to even further disguise the firearm. This pocket holster will stay in position in your pocket, and the inside is made of slick pack cloth for a low friction draw. It's ambidextrous and available for both autos and revolvers.

**POCKET SHOT®  
STYLE 110**

The Pocket Shot® is an alternative to conventional pocket holsters. It can be easily carried in the front or rear pant pockets and presents a very low signature. The pistol is inserted from the top and is held in place by the friction fit of leather and rubber. Available in black leather. Please note: ATF has not classified this holster as an "AOW."

**CARGO NEMESIS®  
STYLE M52**

This ambidextrous holster was designed to fit inside the thigh pocket of most cargo pants. It is built from a very viscous material. The Cargo Nemesis® is quite sticky and will absolutely not move out of position in the pocket. This model is reinforced and stiffened at all areas that need it. The style M52 keeps your firearm at arms reach and out of sight. The inside is made of slick pack cloth for a no friction draw. This holster is available in seven sizes, and they are all different in width. Caution: Carrying in an oversized cargo pocket might permit holster to move, allowing it to shift out of place or rotate.

**DIE HARD™ ANKLE RIG  
STYLE 014**

The Die Hard™ Ankle Rig features a molded leather-lined thumb break holster for either autos or revolvers, mounted to a neoprene ankle band. The band's inside contact point is padded with sheepskin and additional foam for comfort. An optional calf support strap (C14) is available.

**APACHE® ANKLE RIG  
STYLE 062**

The Apache's® wide elasticized leg band largely eliminates the unwanted rocking motion commonly associated with ankle holsters. The Apache® is made for small, medium and large frame semi-autos and small frame revolvers. All semi-auto models feature an adjustable Velcro® thumb break. Revolvers and small autos feature an adjustable thumb strap (without snap, Velcro® closure.) Made with genuine sheepskin padded lining for comfort. An optional support strap (C14) is available.

**BELLY BAND™  
STYLE 060**

A five inch wide elastic band incorporates three pockets to conceal your essentials. The Belly Band fits most concealable handguns. Available in black or natural in sizes small, medium, large, X-large and XX-large.

**OPTION 4 BELLY BAND™  
STYLE 061**

The Option 4™ Belly Band Holster is a comfortable, flexible, and breathable holster that offers numerous ways to carry small to medium pistols or revolvers. Your weapon or weapons can be carried in a neutral or forward cant, low on the hips. Available in sizes small to extra large (28"-48") in black only.

**B53 REVERSIBLE DRESS BELT 1.25"  
STYLE B53**

The B53 belt is the one you've been waiting for. It's built from 2 bands of thick premium saddle leather, meticulously cemented and stitched together with our propriety nylon cord. It can be easily reversed in seconds using only a flat bladed screwdriver. A spare keeper is included with each belt. The width is 1.25" so it can be worn with all your dress and casual slacks.

**B54 REVERSIBLE CCW BELT 1.5"  
STYLE B54**

The B54 Reversible CCW belt is built from 2 thick bands of premium saddle leather, meticulously cemented and stitched together with our propriety nylon cord. In-between the layers is a polymer stiffener which keeps the belt from sagging under the weight of even a heavy hand gun. The last 8" are unreinforced to allow for flawless buckle engagement. It can be easily reversed in seconds using only a flat bladed screwdriver. A spare keeper is included with each belt.

## DeSantis is proud to support law enforcement.

Concealment holsters are the foundation of DeSantis Gunhide®. Our designs have been honed for over 50 years through collaborations with our colleagues and customers in the U.S. military, federal law enforcement agencies, and by state and local law enforcement, as well. This effort and cooperation to solve specific issues has led to the maturity of many of our best products. We remain unwavering in our continued pledge: “Quality will never be compromised in a product where dependability of performance is paramount.”

Find our law enforcement catalog online  
**DESANTISHOLSTER.COM**

We ship via Federal Express and United Parcel Service. To expedite your order, please supply us with a street address. Orders not supplied with a physical street address will cause delay. When placing your order, state complete gun/product application for each item being ordered including MANUFACTURER, MODEL NAME/NUMBER, FRAME SIZE, BARREL LENGTH, and CALIBER.

Revolver barrel length is measured from face of cylinder to muzzle. Pistol barrel length is measured from rear of ejection port to muzzle.

For belt sizing, measure existing belt from inside edge of buckle to the center hole. Our belts are slightly oversized to accommodate holsters and accessories.

RETURNS: Merchandise returned for credit, exchange, or repair must have prior factory authorization. Parcels without authorization will be refused by our receiving department. Items that are discontinued, used, non-stocked, custom made, altered, or not purchased directly from DeSantis® cannot be returned. Parcels that are refused on delivery will be subject to a 5% charge of the total amount of the order. This fee will be applied to the next order.

CHARGES: When returning your product for exchange or repair, please contact Customer Service at (800) 424-1236 for return shipping and handling fees. Repairs will be made at the factory's discretion upon receipt of merchandise. If there is a charge for your repair, you will be notified before the work is performed. We accept Visa, MasterCard, American Express, Discover, check, or money order. Make check or money order payable to DeSantis® Holster and Leather Goods.

Claims for returns or exchanges must be made within thirty (30) days of receiving the product. Returns may be subject to a 20% restocking charge. Claims for shortages must be made within 48 hours (2 working days) of receipt of goods. The claim will be considered only if the parcels are received “intact.” Please contact our Returns Department for return-merchandise authorization at (800) 424-1236 or returns@desantisholster.com, Monday through Friday, 8:00AM to 4:30PM EST.

CAUTION: Before continuing READ THE ATTACHED AGREEMENTS. Do not operate or retain these products unless you have read and agree to the following terms: Firearms can be extremely hazardous, inherently dangerous, and can cause death or serious physical injury. Firearms should be handled and used ONLY by persons who have been properly trained and qualified in their use, handling, and safekeeping. If you have purchased a new handgun, be sure to first read the safety instructions which accompanied it before using the handgun in conjunction with any DeSantis® product.

All DeSantis® products are carefully designed and

manufactured from the best available materials to perform their intended function properly with the firearms for which they are designed and marked. Use of DeSantis® products with firearms for which they are not designed and marked or with firearms that have been modified or customized or otherwise changed from the original manufacturer's specifications greatly increases the likelihood of an accidental and potentially dangerous discharge. This may result in death or serious physical injury to the user or a bystander.

Examples of modified firearms include, but are not limited to the installation of trigger shoes, wide target triggers and hammers, custom grips, alterations to the trigger guard, aftermarket sights, grips, grip wraps, grip adapters, addition of tape or rubberbands to the grip, extended safeties, laser sights, sight ribs, compensators, and internal “action jobs” which tend to compromise the margin of safety intended by the manufacturer. This warning applies even when aftermarket accessories are offered by the firearm manufacturer.

Also, the use of an improperly maintained, abused, or defected firearm increases the likelihood of an accidental discharge at any time during its intended use, from drawing and holstering to firing, loading, unloading, carrying, and storage. DO NOT use any DeSantis product with any firearm that has been abused, is defective, or has been improperly maintained. If your DeSantis® product becomes defective, or if you have questions regarding its use, maintenance, or adjustment, immediately cease using the product and call Customer Service at (631) 841-6300.

After purchasing your DeSantis® holster, test with an UNLOADED handgun to insure proper fit, to break in the holster when necessary, and to become familiar with the holster's safety features. Double check to insure that the magazine has been removed and the firing chamber(s) are empty. Be certain that the handgun is firmly seated in the holster prior to use. If originally incorporated in the holster design, any straps or snaps contained therein must be utilized for maximum safety and security. Snaps and other fasteners are not manufactured by DeSantis®.

Periodic inspection is mandatory to insure proper form, fit, and function of these products. Tension screws should be checked periodically to insure proper tension. Also, saddle soaps, oils, or mitt and glove dressings should not be used on DeSantis® holsters as they will shorten its useful life and increase the possibility of accidental loss of the handgun.

Do not in any way alter any safety device incorporated in any DeSantis® product to accommodate handguns or other equipment for which the DeSantis® product was not designed or intended.

Following are additional safety warnings incident to the use of DeSantis® holsters:

1. Always keep your finger off the trigger when drawing and holstering.
2. “Cocked and locked”/Condition 1 carry is listed as not recommended for any product unless the product is specified as made for cocked and locked/condition 1 carry.
3. When drawing and holstering a handgun, always control the muzzle. Be sure that the muzzle does not point at any portion of your body, especially your non-shooting hand.
4. Practicing “fast draw” or “quick draw” techniques without the guidance of a certified firearms instructor can result in an accidental or unintended discharge, which may result in death or serious physical injury.
5. Place your hand over your handgun during any strenuous physical activity such as running.
6. No holster can completely secure a weapon from unauthorized removal by an assailant or adversary or from falling out of holster during various activities. It is ultimately the user's responsibility to use caution and to practice weapon retention practices and techniques. It is also incumbent upon the user to be familiar with the tactical and procedural guidelines regarding the use and carrying of firearms in close proximity to dangerous individuals that may be in effect with his/her department or agency. As an example, your department may prohibit you from wearing a firearm while fingerprinting an arrestee.
7. In order to guard against accidental loss of the handgun, holsters must snugly fit the handgun. This may cause the slide to go out of battery when holstering with the result that the handgun may not fire when needed. It is advisable to always place your thumb on the back of the slide to insure that the slide does not go out of battery while holstering. If your DeSantis® product becomes defective in any way, cease using it immediately and call Customer Service at (631) 841-6300.

NOTICE: Because we cannot control the use of our products, all DeSantis® products are sold “AS IS” and “WITH ALL FAULTS.” All warranties of merchantability or fitness for intended use, either expressed or implied, and any liability or consequential damages resulting from the use of any DeSantis® product are disclaimed and excluded from the retail sales transaction. At the time of the original retail sale and delivery, the purchaser and NOT the manufacturer, distributor, or retailer assumes the entire risk and responsibility for determining the suitability and fitness of the product for the particular use intended.

Some states do not allow the exclusion or limitation of implied warranties or liability for incidental or consequential damages, so the above limitations and exclusions may not apply to you. The illustrations shown herein are typical as to finish and application. Due to uncontrollable variances in color saturation, the actual product may differ slightly from that shown in this catalog. DeSantis® will incur no obligation with respect to merchantability or otherwise for this eventuality.

As a matter of courtesy, DeSantis® is concerned about

the product it sells. We therefore solicit comments and inquiries to completely satisfy our customers.
